

Puff: **The Art, Allure and Agony of the Smoking Culture**

Prospectus and Submission Form

"Mind if I smoke?"
"Why, are you on fire?"

Whether we partake or not, most of us have been captivated by the image of a sexy siren clenching a slim cigarette holder 'twixt her teeth, or the debonair detective trailing a whisp of smoke as he glides through a casino. The culture of carcinogenic cool has cemented its spot in history, and we still can't seem to get enough; table lighters, ashtrays, smoking jackets, not to mention the subcultures: cigar smokers, hookah enthusiasts, the less-than-legal leaves.

Embrace it or not, the smoke rings are here to stay!

If you're concerned, ask and she'll help!)
